

ENVIRONMENTAL MANAGEMENT POLICY STATEMENT

As the National Oil Company, Tanzania Petroleum Development Corporation (TPDC) is entrusted with executing commercial activities across the petroleum value chain. TPDC is dedicated to minimizing its environmental footprint by integrating environmental considerations into strategic planning, decision-making, and daily operations. The Corporation is determined to proactively contribute to the conservation of natural resources, the prevention of pollution, and the mitigation of climate change impacts.

To achieve these goals, TPDC shall:

- 1) Ensure full compliance with the National Environmental Policy and all applicable environmental laws, regulations, and international standards;
- 2) Promote the efficient and responsible use of natural resources promote and adopt best available technologies to progressively reduce emissions and discharges;
- 3) Maintain a high state of preparedness and respond promptly to environmental incidents to mitigate adverse effects;
- 4) Engage stakeholders including communities, regulators, and partners in open and transparent dialogue on environmental matters;
- 5) Foster a culture of environmental stewardship through the establishment of robust environmental management systems and continuous improvement initiatives.
