

COMMERCIAL MANAGER **UPSTREAM**

Shell Exploration and Production Tanzania Limited, a subsidiary of Royal Dutch Shell Plc, is the operator of the deep-water Blocks 1 and 4, offshore Tanzania. Following a successful exploration and appraisal campaign, a large enough quantity of gas has been discovered to underpin an LNG project. Before further technical work will be undertaken, a Commercial Framework for the LNG Project needs to be agreed between the Investors (of Blocks 1&4 and Block 2) and the Government.

We seek a Tanzanian national to fill the senior position of **Commercial Manager Upstream**.

Working within the Commercial team based in Dar es Salaam, the Commercial Manager Upstream is accountable for the Upstream commercial activities during the appraisal and development phases for Blocks 1 and 4. The jobholder shall provide advice to the General Manager Commercial and the Vice President East Africa on upstream and general asset commercial issues. A key aspect of the role will be liaison with Government, attending meetings with the Tanzanian Petroleum Development Corporation (the NOC), PURA (the regulator), the Ministry of Energy, co-venturers and other stakeholders, plus the analysis of how to best align with these stakeholders to support the project. The successful hire will have the opportunity to operate within a highly complex environment and Company that promotes safety, team work and career development. Further details on the role can be found on our website.
